EQUAL OPPORTUNITY PROGRAM RUS-TX Bulletin 1780-9 (5/2017)

Service Application and Agreement Page 2 of 5

AGREEMENT made this day of,	, between
City of Leona Water Service, a corporation organized under the laws of the State of Te	exas
(hereinafter called the Corporation) and	
(hereinafter called the Applicant and/or Member),	

Witnesseth:

The Corporation shall sell and deliver water service to the Applicant and the Applicant shall purchase, receive, and/or reserve service from the Corporation in accordance with the bylaws and tariff of the Corporation as amended from time to time by the Board of Directors of the Corporation. Upon compliance with said policies, including payment of a Membership Fee, the Applicant qualifies for Membership as a new applicant or continued Membership as a transferee and thereby may hereinafter be called a Member.

The Member shall pay the Corporation for service hereunder as determined by the Corporation's tariff and upon the terms and conditions set forth therein. The Applicant may request a copy of the Corporation's tariff. A copy of this agreement shall be executed before service will be provided to the Applicant.

The Board of Directors shall have the authority to discontinue service and cancel the Membership of any Member not complying with any policy or not paying any utility fees or charges as required by the Corporation's published rates, fees, and conditions of service. At any time, service is discontinued, terminated or suspended, the Corporation shall not re-establish service unless it has a current, signed copy of this agreement, and the member/applicant has complied with all terms and conditions that caused the service discontinuance.

If this agreement is completed for the purpose of assigning utility service as a part of a rural domestic water system loan project contemplated with the Rural Development, an Applicant shall pay an Indication of Interest Fee in lieu of a Membership Fee for the purposes of determining:

- a. The number of taps to be considered in the design and
- b. The number of potential ratepayers considered in determining the financial feasibility of constructing
 - 1) a new water system or
 - 2) expanding the facilities of an existing water system.

The Applicant hereby agrees to obtain, utilize, and/or reserve service as soon as it is available. Applicant, upon qualification for service under the terms of the Corporation's policies, shall further qualify as a Member and the Indication of Interest Fee shall then be converted by the Corporation to a Membership Fee. Applicant further agrees to pay, upon becoming a Member, the monthly charges for such service as prescribed in the Corporation's tariff. Any breach of this agreement shall give cause for the Corporation to liquidate, as damages, the fees previously paid as an indication of interest. In addition to any Indication of Interest Fees forfeited, the Corporation may assess a lump sum of \$300.00 as liquidated damages to defray any losses incurred by the Corporation. If delivery of service to said location is deemed infeasible by the Corporation as a part of this project, the Applicant shall be denied Membership in the Corporation and the Indication of Interest Fee, less expenses, shall be refunded. The Applicant may re-apply for service at a later date under the terms and conditions of the Corporation's policies. For the purposes of this agreement, an Indication of Interest Fee shall be of an amount equal to the Corporation's Membership Fees.

All water shall be metered by meters to be furnished and installed by the Corporation. The meter connection is for the sole use of the Member or customer and is to provide service to only one (1) dwelling or one (1) business. Extension of pipe(s) to transfer utility service from one property to another, to share, resell, or submeter water to any other persons, dwellings, businesses, or property, etc., is prohibited.

The Corporation shall have the right to locate a water service meter and the pipe necessary to connect the meter on the Member's property at a point to be chosen by the Corporation, and shall have access to its property and equipment located upon Member's premises at all reasonable and necessary times for any purpose connected with or in the furtherance of its business operations, and upon discontinuance of service the Corporation shall have the right to remove any of its equipment from the Member's property. The Member shall install, at their own expense, any necessary service lines from the Corporation's facilities and equipment to the point of use, including any customer service isolation valves, backflow prevention devices, clean-outs, and other equipment as may be specified by the Corporation. The Corporation shall also have access to the Member's property for the purpose of inspecting for possible cross-connections, potential contamination hazards, illegal lead materials, and any other violations or possible violations of state and federal statutes and regulations relating to the federal Safe Drinking Water Act or Chapter 341 of the Texas Health & Safety Code and/or the corporation's tariff and service policies.

The Corporation is responsible for protecting the drinking water supply from contamination or pollution which could result from improper practices. This service agreement serves as a notice to each customer of the restrictions which are in place to provide this protection. The Corporation shall enforce these restrictions to ensure the public health and welfare. The following undesirable practices are prohibited by state regulations:

a. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an airgap or an appropriate backflow prevention assembly in accordance with state regulations.

- b. No cross-connections between the public drinking water supply and a private water system is permitted. This potential threats to the public drinking water supply shall be eliminated at the service connection by the proper installation of an airgap or a reduced pressure-zone backflow prevention assembly and a service agreement must exist for annual inspection and testing by a certified backflow prevention device tester.
- c. No connection which allows condensing, cooling, or industrial process water to be returned to the public drinking water supply is permitted.
- d. No pipe or pipe fitting which contains more than 0.25% lead may be used for the installation or repair of any public water supply.
- e. No solder or flux which contains more than 0.2% lead may be used for the installation or repair of any plumbing in a residential or non-residential facilities providing water for human consummation and connected to a public drinking water supply system.
- f. No pipe or pipe fitting which contains more than 8.0% lead exists in private water distribution facilities installed on or after July 1, 1988 and prior to January 4, 2014.

The Corporation shall maintain a copy of this agreement as long as the Member and/or premises is connected to the public water system. The Member shall allow their property to be inspected for possible cross-connections, potential contamination hazards, and illegal lead materials. These inspections shall be conducted by the Corporation or its designated agent prior to initiating service and periodically thereafter. The inspections shall be conducted during the Corporation's normal business hours.

The Corporation shall notify the Member in writing of any cross-connections or other undesirable practices which have been identified during the initial or subsequent inspection. The Member shall immediately correct any undesirable practice on their premises. The Member shall, at their expense, properly install, test, and maintain any backflow prevention device required by the Corporation. Copies of all testing and maintenance records shall be provided to the Corporation as required. Failure to comply with the terms of this service agreement shall cause the Corporation to either terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Member.

In the event the total water supply is insufficient to meet all of the Members, or in the event there is a shortage of water, the Corporation may initiate the Emergency Rationing Program as specified in the Corporation's Tariff. By execution of this agreement, the Applicant hereby shall comply with the terms of said program.

By execution hereof, the Applicant shall hold the Corporation harmless from any and all claims for damages caused by service interruptions due to waterline breaks by utility or like contractors, tampering by other Member/users of the Corporation, normal failures of the system, or other events beyond the Corporation's control.

The Applicant shall grant to the Corporation permanent recorded easement(s) dedicated to the Corporation for the purpose of providing reasonable rights of access and use to allow the Corporation to construct, maintain, replace, upgrade, parallel, inspect, test and operate any facilities necessary to serve that Applicant as well as the Corporation's purposes in providing system-wide service for existing or future members.

By execution hereof, the Applicant shall guarantee payment of all other rates, fees, and charges due on any account for which said Applicant owes a Membership Certificate. Said guarantee shall pledge any and all Membership Fees against any balance due Corporation. Liquidation of shall said Membership Fee shall give rise to discontinuance of service under the terms and conditions of the Corporation's tariff.

By execution hereof, the Applicant agrees that a non-compliance with the terms of this agreement by said Applicant shall constitute denial or discontinuance of service until such time as the violations is corrected to the satisfaction of the Corporation.

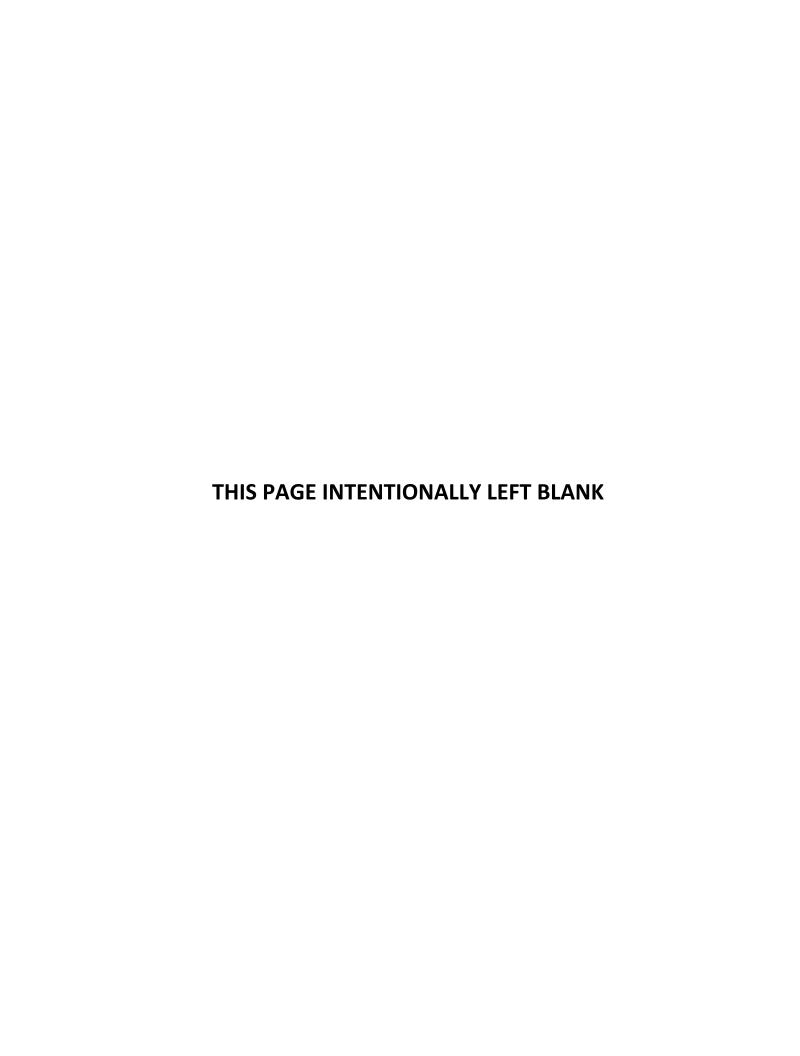

Any misrepresentations of the fact by the Applicant on any of the pages of this agreement shall result in discontinuance of service pursuant to the terms and conditions of the Corporation's tariff.

UNITED STATES DEPARTMENT OF AGRICULTURE Rural Utilities Service

RIGHT-OF-WAY EASEMENT (General Type Easement)

KNOW ALL MEN BY THESE PRESENTS, that
(hereinafter called "Grantors"), in consideration of one dollar (\$1.00) and other good and valuable consideration paid
by City of Leona (hereinafter called "Grantee"), the receipt and sufficiency of which is hereby acknowledged, does
hereby grant, bargain, sell, transfer, and convey to said Grantee, its successors, and assigns, a perpetual easement
with the right to erect, construct, install and lay and thereafter access and use, operate, inspect, repair, maintain,
replace, upgrade, parallel and remove water distribution and/or sewer collection lines and appurtenances, over and
acrossacres of land, more particularly described in instrument recorded in VolPage, Deed
Records, Leon County, Texas, together with the right of ingress and egress over Grantor's adjacent lands for the
purpose for which the above mentioned rights are granted. The easement hereby granted shall not exceed 15' in
width, and Grantee is hereby authorized to designate the course of the easement herein conveyed except that when
the pipeline(s) is installed, the easement herein granted shall belimited to a strip of land 15' in width, the center line
thereof being the pipeline as installed.
Grantee shall have such other rights and benefits necessary and/or convenient for the full enjoyment and use of the
rights herein granted, including without limitation, (1) the reasonable right of ingress and egress over and across
lands owned by Grantor which are contiguous to the easement; (2) the reasonable right from time to
remove any and all paving, undergrowth and other obstructions that may injure Grantee's facilities and
appurtenances or interfere with the construction, maintenance, inspection, operation, protection, repair, alteration,
testing, replacement, upgrading, relocation (as above limited), substitution or removal thereof; and (3) the rights to
abandon-in-place any and all water supply and/or sewer distribution lines, service lines and associated
appurtenances, such that Grantee shall have no obligation or liability to Grantor, or their successors or assigns, to move or remove any such abandoned lines or appurtenances.
In the event the easement hereby granted abuts on a public road and the county or state hereafter widens or
relocatesthe public road so as to require the relocation of this water and/or sewer line as installed, Grantor further
grants to Grantee an additional easement over and across the land described above for the purpose of laterally
relocating said water and/or sewer line as may be necessary to clear the road improvements, which easement
hereby granted shall be limited to a strip of land 15'in width, the center line thereof being the pipeline as relocated.
The consideration recited herein shall constitute payment in full for all damages sustained by Grantors by
reason of the installation of the structures referred to herein and the Grantee will maintain such easement in a state
of good repair and efficiency so that no unreasonable damages will result from its use to Grantor's premises. This
Agreement together with other provisions of this grant shall constitute a covenant running with the land for the benefit
of the Grantee, its successors, and assigns. The Grantors covenant that they are the owners of the above-described
lands and that said lands are free and clear of all encumbrances and liens except the following: _N/A
· · · · · · · · · · · · · · · · · · ·
Grantor does hereby bind itself, its successors and assigns, to WARRANT AND FOREVER DEFEND,
all and singular, the easement herein granted to Grantee, or Grantee's successors and assigns, against every
person whomsoever claiming, or to claim, the same or any part thereof.
The easement conveyed herein was obtained or improved through Federal financial assistance. This
easement is subject to the provisions of Title VI of the Civil Rights Act of 1964 and the regulations issued pursuant
thereto for so long as the easement continues to be used for the same or similar purpose for which financial
assistance was extended or for so long as the Grantee owns it, whichever is longer.
IN WITNESS WHEREOF the said Grantors have executed this instrument thisday of, 20

CUSTOMER SERVICE INSPECTION INSTRUCTIONS

Once your meter is installed you will need to have a C.S.I. completed within 10 days. **Owner must** be present for inspection unless previous arrangements have been made.

Here are the things that must be in place before you call:

Must have permanently installed Hose Bibbs (Atmospheric Vacuum Breakers) on every outside faucet.

These can be purchased from a hardware store or from Southeast WSC at cost.

Call 903-626-4330 to set up your appointment.

If inspection finds anything not within state compliance, water will be turned off until corrected this includes a cross connection or multiple residents on one meter.

ACKNOWLEDGMENT

I	, acknowledge the receipt, and fully understand that I must	
comply with the instructions	outlined on the Customer Service Inspection Sheet.

NOTIFY US BEFORE YOU DIG!!!!!

1. Do I have to call before I dig in Texas?

YES!! It's the law. Texas law requires that you notify Southeast Water Supply Corporation before you dig if you are planning on digging using mechanical equipment. Call our Texas 811 at least 48 hours before you dig.

2. How long do I have to wait?

Law requires anyone to call at least 48 hours excluding weekends and holidays before you dig. We will locate as soon as we can within those 48 hours.

3. Once the lines are marked, am I free to dig?

YES!! Remember, the marks only indicate the approximate locations of the underground utilities. It is still your responsibility to dig WITH CARE.

4. How close can I dig to the marked lines?

It is the excavator's responsibility to avoid damaging marked lines. **MECHANICAL** digging equipment **CANNOT** be used within 2 feet of any markings. If **MECHANICAL** digging equipment is used and the line is damaged, a bill for damages will result.
